Subject: Notification per PRN 98-10 – Minor Label Changes
Product Name: **Spa Shock**
EPA Registration Number: **53735-12**
Application Date: July 1, 2015
Decision Number: 506947

Dear Mrs. Wacek:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

If you have any questions, you may contact Killian Swift at 703-308-6346 or via email at Swift.Killian@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda J. Fuller, for".

Demson Fuller, Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510P)
Office of Pesticide Programs

Hopkins, MN 55343
Net Wt.: ___ ounces / ___ grams

NOTIFICATION

53735-12
The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:
07/22/2015

FIRST AID: If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If Swallowed:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

{IN CASE OF MEDICAL EMERGENCY CALL 1-800-424-9300}

Product Description: This product perfectly accompanies the Spa Frog Floating System or In-Line System by starting up a freshly filled {spa} {hot tub} with an initial chlorine level. The effervescent action helps the chlorine dissolve faster and the fizz tells you its working! For best results use Spa Shock after balancing the water and before using your Spa Frog System.

Directions for Use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For Residential Use: To a freshly filled {spa} {or} {hot tub} add one packet for up to 500 gallons of {spa} {hot tub} water. After the product has bubbled for a few seconds turn on the high speed jets for one minute {or} until fully dissolved. Maintain a pH of between 7.2 and 7.8. {Test water with a pH Test Strip to see if desired level has been reached.}

{For periodic shocking, particularly during time of heavy use, add one packet per 500 gallons when the water looks cloudy or as a maintenance dose every week. After the product has bubbled for a few seconds turn on the high speed jets for one minute {or} until fully dissolved.}

Test water with a {FROG Test Strip} {chlorine and pH Test Strip} to see if desired level {of chlorine and pH} has been reached. Reentry is prohibited above levels of 3 ppm chlorine due to risk of bodily injury.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Product Storage: Keep this product dry in a tightly sealed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding.

Container Handling: Non-refillable container. Do not reuse or refill empty container. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive: Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through skin. May be fatal if inhaled. Do not breathe dust or vapors. Irritating to nose and throat. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the restroom. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS: Corrosive: Strong oxidizing agent. Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other {pool} {spa} ~~{hot tub}~~ chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any [chlorinating] [dispensing] device, which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARD:

This pesticide is toxic to fish and aquatic organisms.

{**Note:** Buyer assumes all responsibility for safety and use not in accordance with directions.}

{**Notice:** Neither King Technology, Inc. nor the seller of this product can accept any responsibility where the product is not used according to directions and for the manner in which it was intended.}
